

TRUE TRANSLATION FROM PUNJABI LANGUAGE TO ENGLISH VERSION

Number: 1999-2000

Dated: 22-04-2021

To, Executive Engineer,
Water Supply & Sanitation Division,
Rajpura.

Subject: Regarding approval of layout plan for obtaining N.O.C. from the
Forest Department.

Refer.: Your Office's Letter No. 1703 dated 22-02-2021.

In response to the subject and the reference above, keeping in view of the report made by the Sub Division Officer, an approval of passing these pipelines which are nearer to the Banur Canal is being granted to the Executive Engineer, Water Supply & Sanitation Division, Rajpura on the basis of following conditions:-

1. Before commencing the work of laying pipelines, the level of Banur Canal should be obtained from the concerned Sub Division Officer/ A.E./ J.E.
2. While laying down the pipeline any alteration should not be made in the design of right side path and levels of Banur Canal.
3. Whole expenses incurred in this work should be borne by your department.
4. If any un-wanted incidence is occurred or damage of any third party is made during this work, the whole responsibility of the same will be of your department.
5. This work should only be made under the supervision of concerned Sub Division Officer/ A.E./ J.E. of the Water Resources Department.
6. If, during the process of this work, any breakage of the Banur Canal is made then the whole responsibility of repairing the same and falling down of dismantled material etc. into the miner will be of your department.
7. If any sort of 'no objection certificate' from any other department is required in connection with this work, then the whole responsibility of obtaining the same will be of your department.
8. If any additional land is required for the construction of pipeline then your department itself should have to make arrangements for the same at its own level.
9. Any special closure will not be provided for this work.

Signed/-
Executive Engineer,
Devigarh Division, I.B.,
Patiala. initials/-

Copy of above is:-

sent to Sub Division Officer with the statement that it should be ensured to get the compliance of conditions described, strictly.
