

UNION TERRITORY OF JAMMU & KASHMIR
OFFICE OF THE EXECUTIVE ENGINEER PMGSY DIVISION MARWAH
(xenpmgsmarwah@gmail.com)

The Divisional Forest Officer,
 Marwah Forest Division.

NO:- EE/PMGSY/M/ 657-62
 Dated:- 03 - 08 - 2022

Subject:- **Proposal for diversion of forest land for construction of Nowpachi Deherna upto Hanzal Road by PMGSY in Marwah Forest Division (Proposal No. FP/JK/Road/51198/2021).**

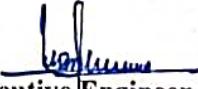

Reference:- PCCF/FCA/3415/1706-08 Dated 22-06-2022.

Sir,

With reference to the above proposal under subject cited wherein the EDS raised by the DIGF (Central) Regional officer Jammu in the 6th REC meeting held on 16-06-2022 for their reply have been uploaded pertaining to the User Agency on PARIVESH Portal as desired in the columns and parts prescribed.

S.No	Information Sought	Reply
1	Transmission lines needs to be replaced with road in the format used for Cost-Benefit Analysis	Corrected & uploaded
2	The information submitted under the muck disposal plan for each individual muck disposal site must be similar to the information provided under column B-2.4 of part 1 of the online portal	Corrected & uploaded
3	In the biological measure for stabilization provided by DFO, it is not clear whether it is for one dumping site or for all dumping sites. Clarification needs to be submitted	It is for all dumping sites
4	The undertaking from UA to pay the Compensatory Afforestation needs to be provided.	Re-uploaded
5	Clarification regarding the non-forest land status of the proposal alignment as per the KML file from RD7/300 to Rd7/400, which otherwise appears like forest after revisiting the area and re-checking facts on ground and in official records.	Re -checked physically on ground in a joint verification by the PMGSY, forest and revenue Department officials and it was found that it is a proprietary land (Revenue Land) duly clarified by the collector Land Acquisition (SDM Marwah) vide his letter No:- SDM/M/Gen/92-94 Dated:- 02-08-2022 and the same uploaded for reference and record.
6	Comparative analysis of alignment on both sides of the Marusudar river from the feasibility point of view including all kind of cost estimates; such as cost of road/bridge construction NPV of forest land involved, CA cost, detailed plan for improving wildlife habitat, population encompassing animal passage plan and the estimated valuation of the perceived submergence of village and landscape as discussed by the DFO for upcoming future dam on the river.	Feasibility report along with comparative statement of alignments on both sides of the Marsudhar River including all kind of cost estimates and complete DPR alongwith the animal's passage plan. (uploaded and enclosed)
7	Site specific intervention for habitat improvement and types/numbers of structures involved in animal passage plan along with the cost estimates from the CWLW	A complete plan for habitat improvement and types/numbers of structure involved in animal passage plan alongwith the cost estimates duly vetted by CWLW. (uploaded and enclosed)

Yours Faithfully

Executive Engineer
PMGSY Division
Marwah
