### No. D.11012/1/2008/FDC / 348 GOVERNMENT OF MIZORAM OFFICE OF THE DIVISIONAL FOREST OFFICER CHAMPHAI FOREST DIVISION

CHAMPHAI: MIZORAM

Dated Champhai, the 20th October, 2020

To,

The Deputy General Manager (Projects) National Highways and Infrastructure Development Corporation Limited PMU-Aizawl Mizoram - 796014

Subj:

Rehabilitation and up-gradation to 2 lane with paved shoulder of Seling-Dulte Sector (Economic Corridor) from existing km 0.00 to km 69.015 (Package 1,2,3 & 4) of NH-6 in Mizoram under Bharatmala Pariyojna on EPC mode - Identification of forest areas along project alignment-reg

Sir,

On my visit to R.Tuivawl - Dulte road yesterday came to learn that machineries meant for road construction were stationed on the bank of river Tuivawl and cleaning of roadside vegetation for widening of NH-6 from the bank of river Tuivawl towards Dulte has been initiated without applying clearance under the Forest (Conservation) Act, 1980.

I am to request you to kindly refer to Para 3 of your letter No.NHIDCL/BO-Aizawl/2019-20/464 dt 13.2.2020 wherein possibility of forest areas along the project highways which requires forest clearance under FCA has been highlighted. Para 5 of the same letter also stated that the representative of DPR consultant shall visit DFO office to present the proposed alignment so as the verification of forest areas to be diverted can be done.

As you are aware, the Principal Chief Conservator of Forest (CAMPA) and Chairman, SEIAA Mizoram (vide his letter No. B.22013/64/2019-FC/PCCF/107 dt 30.7.2020) has requested you to furnish the new and improved version of the road alignment so that necessary verification and assessment of actual area of forest land and government created plantation to be diverted can be done.

Principal Chief Conservator Forest & Nodal Officer (FCA) has again requested you (vide his letter No B.22015/1/2020-FC/PCCF/2 dt. 23.9.2020) to clarify whether there has been change of road alignment from the currently existing proposed road project for identification of forest areas along road project and if any change to road alignment has been made, to furnish the new version of the road alignment. It was also stated that identification of forest areas along road project shall only be done after making clarification from your side.

Inspite of all these, neither Consultant from your company has visited our office nor submit requisite documents to enable us initiate identification process. Hence, no identification of forest lands and plantations to be affected could be done yet. Your road alignment is very much going to affect forests and forests lands. Such being the position, you are informed not to start widening of the road until approval of the competent authority under the Forest (Conservation) Act, 1980 is obtained and to abide by the laws in force including the Forest (Conservation) Act, 1980 and the Mizoram Forest Act, 1955. You are also requested to clarify why forest lands on the bank of the River Tuivawl (which is a Reserved Forest area) is occupied without seeking permission of the Nodal Department.

Yours faithfully

(LALDUHTHLANA)

Subj:

Rehabilitation and upgradation to 2-lane with paved shoulder of Seling-Dulte Sector (Economic Corridor) from existing km 0.00 to km 69.015 (Package 1,2,3&4) of NH-6 in Mizoram under Bharatmala Pariyojna on EPC Mode- Identification of forest areas along project alignment-reg.

Sir,

I am to invite you to kindly refer to this Office letter No.D.11012/1/2008/FDC/348 Dt 20.11.2020 and also your letter No. (E-190100) NHIDCL/PMU-Seling-Dulte/2020/FC/350 Dt 16.11.2020 on the subject cited above.

This is to clarify that your letter no NHIDCL/BO-Aizawl/2019-20/464 dt 13.02.2020 said to have been sent to us was not received and email said to have been sent on 15.09.2020 was also not delivered. Neither your emailed letter of dt 26.09.2020 was received.

It is further clarified that Notice for all concern said to have been issued by the Competent Authority was neither received nor schedule for a joint survey was intimated to the undersigned though existence of Riverine Riserve Forests along Tuivawl River is well known by LR&S Department and Village Council, Dulte and as a result, we were not a part of the joint survey team. All private land holdings, if any, on forests/forest lands have to be taken illegal and payment of compensation in lieu of payments to be made to Environment, Forests & Climate Change Department towards NPV, CA, Protection and Regeneration of safety zone etc should not be done by the NHIDCL.

As you are aware, vide PCCF(CAMPA) Mizoram letter no B.22013/64/2019-FC/107 Dt 30.07.2020 addressed to you, details of forest area within Seling-Dulte and Kawlkulh-Dulte road sections was enclosed. The letter clearly mentioned that the road project passes through 13 locations of government plantations along Seling-Dulte section and 26 locations of government plantations along Kawlkulh-Dulte section covering an area of 2607 hectares in total. It is evident that knowingly, the project was initiated without mandatory clearance under the Forest (Conservation) Act, 1980.

It is agreed that you are executing a very important project for the State of Mizoram and we heartily welcome your project. But as you are much aware, there is mandatory provision for obtaining clearance under the Forest (Conservation) Act, 1980. It should have gone well if better consultation by holding a meeting between Officials of your Office and this Office was made. This is not a time to further delay the clearance proposal. It is proposed to have a joint survey of the location and extent of forest/forest land required to be diverted on Dt 21.11.2020 (Saturday) and you are requested to detail your Officials for the joint survey. You are also requested not to continue any non forest activity of forest/forest lands unless formal approval of competent authority is accorded under the Forest (Conservation) Act, 1980.

Yours faithfully

(LALDUHTHLANA)

Forest clearance for Rehabilitation and upgradation to 2-lane with paved shoulder of Seling-Dulte Sector (Economic Corridor) from existing km 0.00 to km 69.015 (Design Chainage km 0.0 to km 62.2000) (Package 1,2,3&4) of NH-6 in the State of Mizoram under Bharatmala Pariyojna on EPC Mode

Sir,

I would like to draw your kind attention to our previous letters pertaining to above subject. Your proposal for approval under the Forest (Conservation) Act, 1980 has been received for the sector falling under Tuivawl Reserve Forest and comments along with requisite document had been uploaded in the PARIVESH portal. You had been requested not to execute non-forest activity on forest land vide our earlier letters. You are once again informed to comply with aforesaid directions until formal approval is accorded under the provisions of the Forest (Conservation) Act, 1980.

As regards to the road sector between Khawzawl – Champhai, legal status of land falling on the new road alignment had been verified and submitted to higher authorities for consideration for issue of NOC. You are requested to wait for decision of the competent authority before construction of new road in sector as well.

Yours faithfully

Call for explanation and order to discontinue non forest activity on forest

areas and disposal of mucks outside designated sites.

Sir,

I am to request you to recollect this office letter No.D.11012/1/2008-FDC/399 dt.18.11.2020 in connection with Rehabilitation and upgradation to 2-lane with paved shoulder of Seling-Dulte Sector (Economic Corridor) from existing km 0.00 to km 69.015 (Package 1,2,3&4) of NH-6 in Mizoram under Bharatmala Pariyojna on EPC Mode- Identification of forest areas along project alignment wherein you were requested not to continue any non forest activity on forest/forest land unless formal approval of competent authority is accorded under the Forest(Conservation) Act, 1980.

I am also to request you to re-examine minutes of meeting in connection with acquisition of land for NH-6 held at DC Conference Hall, Khawzawl on 26.11.2020 wherein it was well clarified that forest clearance has to be obtained on the forest lands falling under Tuivawl Riverine Reserve Forest for the purpose of widening and improvement of NH-6.

Further, I also would like to request you to refer to this office letter No.D.11012/1/2008-FDC/133 dt.16.3.2021 vide which you were requested to provide a copy of muck disposal plan for rehabilitation and upgradation of NH-6 for further submission to higher office and also to conduct monitoring furthermore, vide this office letter no.D.11012/1/2008-FDC/1010 dt.7.12.2021, you were once again informed not to execute non forest activity on forest land until formal approval is accorded under the provisions of the Forest (Conservation) Act,1980.

In addition to above points, you are also requested to refer to this office letter No.D.11014/5/2021-FDC/1157 dt.28.3.2022 vide which you were again requested to refrain from initiating any construction works (on NH-06 and NH-102B) till the forest clearance is granted in respect of the project proposal as this will be a direct violation of Forest (Conservation)Act,1980.

You are also requested to refer to this office letter No.B.13015/4/2017-FDC/315 dt.16.7.2021 requesting you to pay Rs.21,59,815/- in lieu of damage of the

plantation raised by Saichal VFDC, Dulte VFDC and Pawlrang VFDC under Green India Mission (GIM) caused by widening of NH-6 and NH-102B.

You are also requested to recall this office letter No.B.13015/4/2021-FDC/887 dt.14.9.2021 regarding request for payment of Rs.3,51,636/-for raising of compensatory plantation in lieu of damage caused by your road construction inside Pullo VFDC under Green India Mission(GIM).

It is unfortunate that none of above request is complied by your agency nor response is received. Despite all requests, it is learnt that non forest activities are still taken up in forest areas. It is also seen that mucks are disposed at many places unscrupulously badly affecting forest, streams, rivers and agriculture fields,

You are therefore informed to explain the reason why all request made by the undersigned mentioned in the above paras were not given importance. You are also informed to immediately suspend all non forest activities on forest areas and submit compliance report to the undersigned and also to explain the reason why the undersigned will not report violation of the Forest (Conservation) Act by the company. Lastly you are also informed to pay compensation for the environmental loss caused by your activity.

Yours faithfully

( LALDUHTHLANA )
