With reference to the above subject, I submit the details called for in
the Principal Chief Conservator of Forests reference 7th cited, as follows:

The temple owns 63 acre 76 cents in Survey No.517 of Saptur R.F. The
temple area was fully surrounded by the Saptur R.F. Four locations were selected
for construction of steel bridges for easy movement of devotees within the temple
area. However, we would not like to undertake any work without getting prior
permission from the forest department, hence we applied for the permission
through Parivesh portal.

The other three locations were situated lower boundary of the Saptur R.F.
which is belong to Srivilliputhur Wildlife Division, Srivilliputhur. Hence, to avoid
inconvenience to carry out the work, ***we have applied for 7 locations including
the forest area for the 3 locations and also we have uploaded a clear copy of
the Saptur R.F. Notification for legal status of the land.***

This is for favour of kind information and early orders.
