

Reliance Jio

Infocomm Limited

Detailed note on the Project.

The Optical Fibre Cables are always laid along the road side due to easy supervision, quick maintenance and low cost of maintenance. The applicant does not have to acquire land for this project purpose, as the road side land is under the control of State Highways / National Highways Authority of India. However the land classification is forest land.

The cable shall be laid on 0.45 metres width of surface land & up to 1-2 metres depth and nearer to the extreme road boundary where alignment of trench will be done in such a way that, no trees will required to be cut.

For Reliance Jio Infocomm Ltd.
