फ्रंटियर बेसिन विभाग, ऑयल इंडिया लिमिटेड, दुलियाजान, असम- ७८६६०२

Justification for Employment

Form A, Part-I (Sl. No. K): It is expected that temporary unskilled jobs will be created during Civil construction job for approach road, drilling sites with boiler and flare pits which may continue for at least six months in each well site. The jobs will be completed by designated service providers (Civil Contractor) through bidding process.

Once the civil job is completed, temporary jobs will, however, continue in well sites during drilling. This will also continue till the end of drilling in each well site for 2-3 months. If no hydrocarbon is established in these wells, restoration job will be done and may require temporary civil jobs.

Though the 10 number of temporary jobs have been shown in **Form-A**, it may increase to a good number of temporary jobs during this project and expect to fill up through designated Contractor temporarily from local places of Tripura.
