Subject: Clarification regarding NOC for FRA

---

ONGC has proposed to drill 2 nos. of wells KSDA and KSDD from existing site of KSAC. For drilling this wells no extra land is required. Drilling for well nos. KSAC was done from Dt. 05.09.2012 to 31.10.2012. FRA for KSAC was obtained and same is available and submitted.

Since well nos. KSDA and KSDD are to be drilled from same location of KSAC and no extra land is required, hence same FRA is valid for this wells also.

Submitted for your information please.
