पत्रांक:- 2401 / है0व0ख0 /

दिनांक: 24-7-2017

विषय:- Request for working permission for construction of Loop In Loop Out (LILO) Line of both circuits of 400KV D/C Mandola-Bawana transmission line from village Pachera(UP) to Maharaniabagh Substation (New Delhi).

सन्दर्भ:- आपका पत्रांक POWERGRID/NR-1/M'bagh/T/L, दिनांक 19.07.2017

महोदय,

उपरोक्त विषयक संदर्भित पत्र का अवलोकन करने का कष्ट करें, जिसके द्वारा आपने सिंचाई विभाग की भूमि पर 9 ट्रांसमिशन टावर स्थापित करने हेतु अनुमति प्रदान करने की वांछना की है। उक्त के सम्बन्ध में आपको अवगत कराना है कि इन ट्रांसमिशन टावरों की स्थापना से विभागीय बाढ़ सुरक्षात्मक कार्य क्षतिग्रस्त होंगे, जिनकी मरम्मत एवं पुनर्स्थापना के कार्य कराने हेतु ₹ 285.04 लाख की आवश्यकता होगी।

अतः आपसे अनुरोध है कि ट्रांसमिशन टावर की स्थापना से क्षतिग्रस्त होने वाले विभागीय बाढ़ सुरक्षात्मक कार्यों की मरम्मत एवं पुनर्स्थापना हेतु ₹ 285.04 लाख का चेक/ड्राफ्ट, जो **SBI Account S.G.L.O. Executive Engineer, Head Works Division Agra Canal, Okhla, New Delhi-110025** के पक्ष में निर्गत हो, इस कार्यालय में जमा कराने का कष्ट करें ताकि अनुमति प्रदान करने हेतु अग्रिम कार्यवाही की जा सके।

Ref. No: KVV/ERGRID/DELHI/MP/11/11

Date: 15/07/2011

To,
The Executive engineer,
Head Works Band, Agra Canal
U.P. Irrigation Department, Okhla, New Delhi-25

Subject: Request for Working Permission for construction of Loop In Loop Out (LILO) Line of both circuits of 400 KV D/C Mandola-Bawana Transmission Line from vill.- Pachara (UP) to Maharaniabagh Substataion (New Delhi).

Dear Sir,

Power Grid Corporation of India (A Govt. of India Enterprise) is constructing 400 KV Double Circuit LILO line from Mandola-Bawana line (near vill.-Pachara, Ghaziabad) to Maharaniabagh in Delhi for power supply to Maharaniabagh S/S opposite Sarai Kale Khan bus stand in New Delhi. This is an Inter State Transmission Line approved by Ministry of Power, G.O.I. and Central Electricity Authority which is extremely important and critical for uninterrupted power supply to Delhi. Since portion of this line is falling in U.P. Irrigation land along river Yamuna, working permission for construction of this line is required from Irrigation Deptt.

As per approved route of this line and land owned by U.P. Irrigation Deptt. in this area, it is observed that a few tower locations from AP-23 to AP-29 are falling in U.P. Irrigation land (route of land is enclosed herewith). Looking into importance of line, permission for construction of this line has already been accorded by Yamuna Standing Committee, Inland Waterway Authority, Technical committee of Delhi Development Authority, Delhi Irrigation and Flood Deptt. etc. POWERGRID has also represented this case to Honb. NGT, where during the proceedings Hon'ble Bench opined that NGT is not mandated to accord permission for construction of such important infrastructure projects and our petition was disposed off. It is further to add that since structures to be erected are very small, construction of this line will neither affect flow of River nor flood plain of the River. Since line is to be completed in compressed time schedule the work in other sections of line is already in progress.

Since this is a Government Project of National importance and a public utility, it is requested that **working permission may please be accorded on priority for passage/construction of proposed 09 no. towers in Irrigation land.** The line is being constructed as per approved route as per Government rules and norms and as per Central Electricity Act 2003.

With regards,

Yours faithfully,

(Vinit Kr. Sharma)
Asstt. GM (Delhi Projects)
