Heights and Contours have not been shown.  
A relative height, 'R' represents the approximate height, in metres, between the top and bottom of a steep slope.  
The area adjoining the Brahmaputra River is liable to change owing to continual fluctuation in the course of the river.  
The district boundary, shown in this sheet, is based on the information supplied by the Deputy Director of Survey, Assam but has not been verified.  
The major protective embankments in this sheet, on which roads have not been shown, can also take limited wheeled traffic. Permission to take vehicles along these embankments is required from the Embankment and Drainage Branch, P.W.D. authorities.  
All unmetalled roads and cart tracks inside Tea gardens are available throughout the year, permission to use these roads and tracks is required from the Tea garden authority.  
Bathub trees are shown thus: [Symbol]
