Dear Sir,

With reference to your Online EDS dated 04.04.2022, demarcation of Proposed Forest land has been carried out at site as per your direction.

During field verification along with forest department, while demarcating forest boundaries, it was observed that some portions of land falls in forest which was earlier considered as non-forest. Accordingly, the land details has been modified and updated in the diversion proposal for further processing and approval.

Thanking you,

Yours faithfully,
