गुपतगोपनीय

Inter Departmental rules for canal plantation.

Extracts of the minutes of the Inter-Departmental meeting of canal and Forest Officers held on July 30, 1964 in the office of the Chief Conservator of Forests.

Item No. (1) Canal Land for construction of buildings by Forest Department.

It was decided that the list of all the buildings will be prepared by the Conservator of Forests for his circulation and sent to the Superintending Engineer concerned by 31st of July each year under intimation to the Chief Engineer. The list will indicate the type of the building and will be accompanied by 1/20 map of the buildings as also a plan of the area required for its construction. These lists will be scrutinised by the S.P. Land and Building Engineer and sanction accorded latest by end of October each year as regards location and area.

Item No. (iii) Leases

The minutes as reported by the Chief Conservator of Forests were accepted. It was agreed that areas in which the Forest Department is interested for traffic may be intimated to the Irrigation Department for their consideration.

Item No. (x) Transfer of central Canal areas to the Forest Department and vice versa.

The suggestion for transfer of the land along other canals not already under the management of Forest Department made in the last meeting was with the view of the fact that there was no width for plantation. However, if land is available in sufficient width to plant one or two rows of escapes in proximity of main canals, such cases can be considered for plantation. The case of Fatehpur Branch will also be examined in the back round.

Item No. (1) : Revenue from Canal Plantations?

It was agreed that the orders issued in G.O. No. 182/XIV/55/52 dated December 22, 1952, on the subject should be adhered to.

Item No. (2) Charges for the use of canal service roads.

It was generally appreciated that the Kuch Canal embankments carrying service road should be subjected to least possible heavy traffic in the interest of overall maintenance of canal. It was felt that the Executive Engineer who is responsible for the maintenance of canal roads should have full control over the traffic permits for passing over the road by heavy vehicles, therefore, issue of permits for the use of canal service roads by forest department contractors instead of the Divisional Forest Officer at the same time, difficulties of the Forest Officer in expediting the export of forest produce has also to be kept in view. It was, therefore, decided that in future D.F.O.s will submit a list by end of October indicating of felling programme and the contractors for export of their produce. After proper scrutiny of these lists, particularly in the back ground of availability of alternative permits, the Executive Engineer will issue permits mentioning the name of the contractor, route and lot No. but not the registration no. of the vehicle. The period of validity of the permits will be filled in by the

4/1/1960-3(3)

VAN BIBHAG
MISCELLANEOUS
FEBRUARY 10, 1960.

No. 15/XIV-331-50- Whereas the Government, Uttar Pradesh is of the opinion that the making of enquiry and record contemplated under sub-section (3) of section 29 of the Indian Forest Act, 1927 (Act No. XVI of 1927), will occupy such length of time as in the meantime to an'anger the rights of the State Government. Now, therefore, in exercise of the powers conferred by the proviso to the aforesaid sub-section and by sub-section (1) of the said section, read with section 80-A of the aforesaid Act, the Government of Uttar Pradesh is pleased to declare that ending such enquiry in accordance with the provisions of Chapter IV of the said Act to be liable to the land specified in the schedule hereto.
