Undertaking to furnish the alternate CA land for Proposal
No: FP/KA/Others/26566/2017

Query Raised

On comparison of the revised CA land location with Topo map and Google imagery, it is noticed that the boundary of the proposed CA land is shifted resulting in partial overlap of proposed CA land with existing Reserve Forest. The CA land identified for this project should be contiguous (abutting) and not overlapping with the existing Reserve forest.

Hence, it is requested to upload the satellite imagery showing the proposed CA land vis-à-vis adjoining RF land certified/countersigned by the Deputy Conservator of Forest Belagavi Division.

Reply to the query

The CA land in question is the land belonging to a number of local people of Gavali village and falls in the middle of the Reserve Forest (as uploaded in the proposal) in Gavali Village, Khanapur Taluk. We have entered into agreement with the owners to buy the said land in Sy. 71 & 72 of Gavali village and the copy of the agreement has already been submitted as required under the guidelines of the Forest (Conservation) Act, 1980.

However, there is some dispute regarding the ownership of the said land and it is under verification in the office of the Deputy Conservator of Forests & Deputy Commissioner, Belagavi. This may take some time for the verification.

Since, the proposal is for Stage-I clearance and that the verification of the ownership of the said CA land may take some more time, we M/s. JSW Steel Ltd. request you to consider the proposal and forward the same to the DCF, Ballari for further processing. Further, we write to state that in case of any dispute with the uploaded CA land in this proposal, we shall furnish an alternate CA land in case the said CA land is not at all possible to be considered for CA.

Place: Ballari

Date: 21 September 2017
