

SITE SUITABILITY CERTIFICATE FOR PROPOSED CA LAND

Project :- Settlement of BRU Migrants at Mouja Shikaribari under Khowai Sub-Division.

Proposal No. :- FP/TR/REHAB/49658/2020

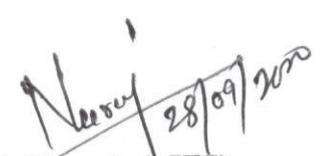

Forest area proposed for diversion under Khowai Forest District : **10.643 ha.**

This is to certify that Competent Authority regarding suitability of the area indentified for Compensatory Afforestation under proposed Settlement of BRU Migrants at Mouja Shikaribari of Tulashikhar Range under Khowai Forest District.

1. This area of 10.6445 ha area comes under the following :-

Sl.	Plot No.	Khatian No.	Area Proposed	Mouja	Sub-Division	District
1	2949/P	1/128	10.6445 ha	Shantinagar	Khowai	Khowai

2. This area is degraded area with less than 10% density of tree coverage but DSS show this area as moderately dense forest.
3. This area is infested with full of long weeds and long bushes / tall wild banana, hence needs special attention in order to created a good patch of forest. This is reason in DSS it is showing moderately dense forest.
4. The patch is not a natural habitat of wild animal including elephant hence needs to be development into a dense forest from the present degraded status.
5. Availability of water is not a problem here hence scope of surviving of transplanted seedling is more.
6. Soil is fertile and suitable for miscellaneous plantation.
7. Availability of labour is a plus point here as there are villages are situated.
8. People all around this area including villagers are in a shortage of wages hence they will have a chance to increase their earning for their livelihood.
9. There is scope to enhance the protection activity in this area with the involvement of engagement of villagers for different works in connection with the creation of plantation.
