Most of the signatories have no concern with this road & many of the signatures in the representation has managed by the complainant fraudulently.

Since this road is one of the important connecting link to various households/families particularly tribal community and this will not help these families only in making their life easy but will also boost them economically viable.

Therefore it is requested to you, not to give any heed to such complaints of such miscreants who oppose the developmental projects. Undersigned has taken cognizance of the fraudulent complaint and shall take action soon.
