

The land use proposed basing on present exploration :

	Description	Area in Hectares			
		Present	Additional area required during this plan period	End of the 5 year	End of the conceptual period
1	Area under Pits	Nil	4.12	4.12	12.17
2	Area under roads	Nil	2.48	2.48	2.48
3	Area under infrastructure/ C&S Plant	Nil	0.31	0.31	Nil
4	Area under top soil Dump	Nil	Nil	Nil	Nil
5	Area under Storage	Nil	Nil	Nil	Nil
6	Area under Waste Dump	Nil	2.94	2.94	7.612
7	Area under Plantation	Nil	4.70	4.70	4.70
	Total	Nil	14.55	14.55	26.822

NOTE: The above land use plan has been prepared basing on the primary prospecting in the Area. Detail exploration in the area will be done after execution of Mining Lease in Favour of the applicant company. As indicated by the out crops and sub surface data Collected during prospecting, the Ore body must have continued to greater depths. Hence, after detail exploration, the mining area within the Mining Lease of the applicant company may likely to increase.
