**Justification for Locating the Project in Forest Area**

As the proposed project road is 'diversion of forest land for construction of Petrol Pump at Khara No. 1643(ख) of Bagadpur Village of Garhmukteshwar Tehsil in Hapur District of Uttar Pradesh State'

- It is the best suitable drainage alignment from technical point of view and requiring minimum forest area.
- Earthwork cutting and banking is minimum as existing drain of 0.5m to 1m is available.
- Minimum numbers of trees are affected.
- Drainage will have resulted in no water logging which create better self-life of Old NH-24

There is no suitable alternative non-forest land to construct the petrol pump. Hence, the forest area is proposed for diversion.
