Following may also be noted:

1. Mining Lease renewal application is to be filed with Government of Chhattisgarh along with the approved Mining Plan, one year before expiry of the ML i.e. before 11-09-2014. [Please refer Para 2(XC) of FORM J under Mineral Concession Rules 1960]
2. The Mining Lease area completely falls within Bailadila Reserved Forest. Hence Forest Clearance from Ministry of Environment & Forest is pre-requisite for renewal of the Mining Lease. Approved Mining Plan is required two years before the lease expiry i.e. before 11-09-2013 along with the application being made for Forest Clearance. [Please refer Para 1 of Instructions in Form B under Rule 6 of Forest Conservation Rules 2003]
3. Before lease expiry i.e. 11-09-2013, if we do not get all the statutory clearances (such as Forest Clearance, Environment Clearance, Wild Life Conservation Plan etc.), the Mining Lease shall not be renewed, leading to suspension of mining and all activities therein. The procedures are long-drawn and requirements are stringent. Approved Mining Plan is a pre-requisite in the whole process.

It is requested to accord approval to the Mining Plan. This shall enable us to obtain Forest Clearance etc for timely renewal of the Mining Lease.

Thanking You,

Yours faithfully,

NMDC Limited is operating highly mechanized iron ore mine at Bailadila Deposit-14, Kirandul since 1968 and catering the iron ore requirement for various Steel / Sponge Iron Industries. As per provisions of F.C.
