Certificate Regarding Protection Wall

Proposal No. FP/RJ/ROAD/33605/2018

It is recommended that a total of 0.592 km protection wall in the Chamunda Devi forest block side should be constructed from the protection point of view.

It is normally seen that along Road (Kaccha) in near forest block exist, which increases the chances of encroachment. Therefore in the greater interest of forest 0.592 Km. protection wall should be constructed.
