## DETAILED NOTE ON PROJECT

The proposal is for grant of quarry lease for extraction Mica, Quartz and Feldspar over an extent of 10.72 Ha. (i.e., 9.01 Ha. for Mining, 0.37 Ha. for Road and 1.34 Ha. for Safety Zone area) in Sy. No. 466 of Thurimerla village, Sydapuram Mandal in Thurimerla RF (Compartment No. 120) of Marlapudi Section of Venkatagiri Range in Nellore Forest Division and SPSR Nellore District applied by G. Krishnam Raju Mg. Partner of M/s Mica Zone. It is to inform that, number of mining leases in Revenue and Reserved Forests lands for Mica has come down over a period due to limitations in mining after a certain depth and other challenges associated with mining in the Mica belt i.e., in Podalakur and Sydapuram Zones of Andhra Pradesh. Consequently, the production of Mica has also come down considerably as fresh / new pegmatite vein areas are not available. The existing quarries are not in position to meet the demand and it is very much essential for grant of mining lease for Mica, Quartz and Feldspar in the interest of Mineral development and industrial requirements. The proposed quarry is in the forest area to the minimum extent possible in the Mica belt i.e., in Podalakur and Sydapuram Zones of Andhra Pradesh.
