

Details and comments on impact of Project on such species of Flora and Fauna

Habitation of fauna will be minoraly affected by this Project . User Agency will have to take proper care during construction of transmission line for conservation of schedule I (Chinkara, peacock, desert fox, desert cat, birds of pray) and other fauna. Proper habitat facility should be provided by user Agency. Bird divertors/Reflectors/ other devices / techniques should be adopted by user agency during construction of transmission line for protection, conservation of peacock and other birds.
