

Cost-Benefit Analysis of the Proposed Plant:

1. We will save Coal consumption to the tune of 110 Kg per ton of production of TMT amounting to Rs. 40 lacs for 5000 MT production in a month.
2. We will save Burning loss of 1.5% amounting to Rs 25 lacs for 5000 MT production in a month
3. Total cost saved will be around Rs 65 lacs for 5000 MT production in a month.
