Based on past-experience in relation to resettlement of PAFs, it is observed that most of the families are inclined towards cash grant in lieu of house plots. Therefore, it is assumed that around 60% PAFs would opt for resettlement plots and remaining 40% PAFs would opt for cash grant in lieu of house plot.

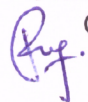

The action plan for resettlement of balance 1240 families to each R&R site is as tabulated below:-

| Village      | PAFs Involved | Balance families to be Settled | Resettlement site | No. of vacant plots available at resettlement site | Timeline for resettlement of PAFs |

Out of the 1240 PAFs it is most likely that 833 PAFs will opt for plots (option 1B) and the remaining 407 PAFs will opt for lump sum cash grant of Rs. 3 lakhs.

This is for your information and further necessary action.
