

JUSTIFICATION

The proposal for seeking Forest Clearance for Bheleuguri Stone Mahal (5.00 Ha. Mine area and 0.11 Approach Road) within Doboka RF under Kathiatoli Range, Nagaon Forest Division, Nagaon will facilitate meeting of the huge demand of stone materials. The demand of stone materials for government infrastructure projects in the area is too huge to meet from other quarry of the Division for which this site is very important.

In view of this, the site is selected in Doboka RF for the proposed Stone Quarry to extract quality stone and boulders for use in the developmental activities of Government and Semi Government infrastructure projects and also private requirement of the area. The forest can be classified as scrub forest having no endangered flora and fauna, so it will not have any impact on further deterioration of environment.

In view of the above, it is justified for locating the project in the aforesaid forest area.
