

Full Title of the Project:-

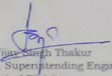

Diversion of 0.4860 Hct. Land for setting up 33/11KV,
2x1.6MVA S/Stn. at Talow under system improvement
scheme.

CHCK LIST SERIAL NUMBER-09

Justification for locating the project in forest area

The sites where the 33/11KV, 2x1.6MVA Sub-Station of this scheme have been proposed are selected by taking in account the economy and feasibility of the project, so that the power supply can be provided properly to Talow and its surrounding area / villages. there is no any other suitable site except the forest land, where the entire technical requirement can be fulfilled.

Hence keeping in view, all the technical aspects and interest of the public, the location of the project scheme is justified in the forest land .
