

FULL TITLE OF THE PROJECT: Providing LWSS from Kashapat Khad to Dansa via Pataina, Kuhal & Chiksa

File No.:

DATE OF PROPOSAL:

JUSTIFICATION FOR LOCATING THE PROJECT IN FOREST AREA.
(CHECK LIST SERIAL NUMBER-09)

0-9731 ha. of forest land is required for providing LWSS from Kashapat Khad to Dansa via Pataina, Kuhal & Chiksa. The total length of the LWSS 9.731 Km passes through the forest land. This LWSS is being constructed to provide drinking water to villages Dansa, Jaguni, Dhar, Shaneri, Pataina, Kuha, Majhali & Chiksa etc. The LWSS will cater to the needs of population of about 8500. For the construction of this LWSS 0-97-31 ha. of forest land is required to be diverted.

Two possible alignments were technically feasible were explored. In alignment-I, 0-97-31 Ha. of forest/govt. land is involved and no trees will require removal. In alignment-II, 0-99-30 Ha. of forest/govt. land is involved and no trees will require removal. Since alignment -I involve less forest land and no felling of trees and there are Govt./forest land interspersed in all the alignments, there is no scope for avoidance of Govt./forest land and diversion of 0-97-31 of Govt./forest is bare minimum and cannot be escaped.
