

**FULL JUSTIFICATION FOR LOCATING THE PROJECT IN FOREST AREA
(UN-AVOIDABLE OF THE FOREST AREA FOR THE PURPOSE)**

The proposed alignment of canal is passing through Udayagiri Veligonda RF of Sri Penusila Narasimha Wildlife Sanctuary and Bommavaram RF of Nellore Division. As per DGPS survey, an extent of 2.54 Ha in Udayagiri Veligonda RF and 2.22 Ha in Bommavaram RF of Atmakur Range of Nellore Division is required to be diverted. There is no other alternative except the proposed one and the proposed area is the bear minimum area to provide water for 90,000 acres and creation of and IP 43,200 acres in phase -1 in four mandals of drought prone areas of SPSR Nellore .Hence proposal for diversion of 4.76 Ha of forest land is submitted.

Deputy Executive Engineer,

SSLS & SB Sub Division No.1,
Gudur. SPSR Nellore Dist
