**Sub- Site location justification for crossing of LILO of 765 KV S/C Satna-Gwalior Transmission Line at Oral S/S.**

Proposed construction of LILO of 765 KV S/C Satna-Gwalior Transmission Line at Oral S/S passing over road side protected forest land and in District Jhansi and Jalaun. This transmission line could not pass through populated area of district. Therefore it is required to pass the overhead line over protected forest land. Required Total area (0.2886Ha) of forest land over which above line is passing. It is the minimum required forest land for this project and there is no alternative this forest land.
