

Resettlement and Rehabilitation Plan

The plan for rehabilitation & resettlement of affected families has been worked out as per Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013. It is proposed to develop 01 R&R site for affected families of Morand Dam and 01 R&R site for Ganjal Dam.

In Morand Dam 04 villages of Hoshangabad district will come under the submergence i.e. Morghat, Lahi, Samardha & Kamtha, hence 01 R & R site has been proposed for those villages. The proposed R & R site is located at Lokhartalai village in Hoshangabad District.

In Morand Dam land pertaining to 02 more villages viz. Jhiriyadoh and Jamnagari villages of Betul district will also come under submergence; the houses are not affected hence Rehabilitation does not arise and only land compensation is necessary.

In Ganjal Dam 02 forest villages of Harda district will come under the submergence viz. Bothi & Kayari Ghat. In Kayari Ghat the submergence is almost within the river bank, in case of Bothi both the land & properties will come under the submergence, hence 01 R&R site is selected for the rehabilitation of the affected families in village Singanpur in district Harda.

Total number of families getting affected in the proposed Ganjal & Morand Dam submergence is 172 and 472 respectively.

In Morand Dam out of 472 Project Affected Family (PAF), 440 PAF's are coming under Hoshangabad District and 32 PAF's are coming under Betul District.

Rehabilitation policy also suggests that every adult son and every adult unmarried daughter has also to be treated as separate family. Accordingly each Oustee of family is allotted a residential plot at the proposed R&R site. All civic amenities as per the rehabilitation policy shall be developed at these sites for the benefit of the oustees families, barring such facilities as already exist in the nearby host villages provided. It can cater the needs of the oustees families without adversely affecting usage thereof by the host villages. The same are mentioned below:

- (a) Roads within the resettled villages and all – weather road link to the nearest pucca road. Passages and easement rights for all the resettled families be adequately arranged.
- (b) Proper drainage as well as sanitation plans executed before physical resettlement.
