JUSTIFICATION

Wayanad Ropeway is a dream project of the people of Wayand and Kozhikode. Wayanad Chamber of Commerce is committed to fulfill the desire of the people of Wayanad and Kozhikode jointly with District Tourism Promotion Council Kozhikode. By completing this echo friendly project, it will be the biggest cable car project in south India.

We have already prepared the DPR for this project and procured land for the Upper and Lower Terminals of the Rope way. As per the Survey 1.77 Hectare Forest land will be effected for passing the Cables overhead . Wayanad Chamber of commerce have already promised to compensate the land and development charges as per the Forest Department norms. So We request you kindly take the steps to give permission for installing the Cable Car Project from Adivaram to Lakkidi. It is also promise that the entire construction will be done without harmful to the environment. There is no other way construct a ropeway from Adivaram to Lakkidi without passing through the forest. Hence we applied for this clearance application.
