## JUSTIFICATION

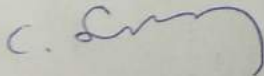

The diversion of Forest land diverted by the MoEF, Gol, Bangalore Ir. No. 4-APB045/2004/BAN/73, Dt. 10.04.2007 in our favour for extraction of Black granite in Compt. No. 213 of Paradarami R.F, Chittoor West Range & Division over an extent of 4.9Ha for a period of 10 years. Subsequent to that, the Govt. of A.P. has issued G. O. Ms. No. 51 by EFS&T Dept. (FoR-I), Dt. 10.05.2007.

As per approved mining plan the total recoverable black granite reserves are 1,68,124 Cu.M. I am extracted only 6735.328 Cu. M. till March, 2016.

The remaining material shall be extracted in another 10 years . This could generate permanent employment to 20 families & temporary employment to 100 families.

Considering the above reason, we need another 10 years by renewal. Request extending the lease period for another 10 years. As this only source of employment to self and other labours depending on the quarry.
