NOTES :-

All unmetalled roads in this sheet are motorable in dry season.

The kilometre stone numbers along roads, the railway and embankments are shown in slant type, e.g., '5' whereas milestone numbers are shown in upright type, e.g., '5'.

A relative height, e.g., -3-, represents the approximate height in metres between the top and bottom of a steep slope at the marked position.

Wells are numerous throughout the sheet; only the important ones have been shown.

A relative height, e.g., -6-, marked along a canal, indicates the height of the top of the canal embankment above the adjacent country.

Boundary between Chhapra and Mithila subdivisions and changes in administrative set up have been taken from State Government records.

Old river beds falling in the sheet are cultivated.
