JUSTIFICATION FOR DIVERSION OF 38.38 Ha FOREST LAND OF TILABONI UG

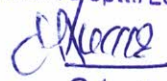

The present diversion proposal is for Tilaboni UG mine no.01 having existing leasehold area of 436 Ha with the total forest land of 38.38 ha. The extractable coal reserve of 2.18 MTe is found extensively below the forest land and this coal reserve can not be extracted from elsewhere as mining is a site specific activity. Thus the forest land is indispensably required for the progress of the mine.
