### CONVENTIONAL SYMBOLS

## REFERENCE

NH 73 National Highway No. 73

Heights are in metres and above Indian mean sea level

A relative height, e.g., 46', marked along a canal, indicates the height of the top of the canal embankment above the adjacent country.

Tanks shown dry, in this area usually contain water from July to March.

Unimproved roads and *car-tracks* in this phase are generally shown only in the eastern portion of the map.

these along canals is regulated from the irrigation authorities. The area adjoining the Yamana River is liable to change owing to continual fluctuation in the course of the river.

Canal discharge stations are 1,000 feet apart and every fifth existing station is shown.

General indications of location of Bishara Dam Project Survey are shown as boundary bench marks.

Scale . . . 1/17,500
