

### **Justification of the Project**

TSIIC has proposed a Layout for Industrial Park in Sy.No:114 of Shivanagar Village, Jinnaram Mandal, Sangareddy District to a total extent of Acs 119.16 in Assigned, unassigned, Patta land & Govt Lands which was taken over by Alienation and acquisition process.

To reach the LED park, it is very much essential to make use of approach access inside the forest. Proposing alternate routes avoiding forest land is very difficult, as it has to acquire patta lands to have proper approach to said project, hence it is necessary to propose the above alignment inside the Reserve forest for formation of approach road to the Government of Telangana Prestigious Project LED Park, Shivanagar.

The proposed said approach access inside forest including proposing curved road instead of straight line was due to the said alignment was using by the Shivanagar villagers along with the intention to provide access to Tanning Industries,. TSIIC is developing the road up to Village limits so as to enable the villagers to have smooth motorable access.

Further, the selected approach road which is passing through the Reserve Forest is also indicated as 18.00 m wide road in HMDA MasterPlan, which will be easier for seeking Layout approval from HMDA.

It is requested to accord permission, for Diversion of 2.399 Ha of forest land for formation of 24.00 m road to have proper access to the proposed layout site of LED Park at Shivanagar Village of Jinnaram Mandal of Sangareddy in favour of VC&MD, TSIIC Ltd Hyderabad.

The extent of area details are as follows:

<b>Division Name</b>	<b>Block Name</b>	<b>Length (in m)</b>	<b>Width (in m)</b>	<b>Area in Ha</b>
Sangareddy	Kodakanchi	998.00	24.00	2.399
