Transportation Plan

Plan for the transportation of the minerals proposed to be raised from the mining lease:

We propose to use maximum part of the ore from our mine for captive purposes, and any surplus will be transported via train and truck as per demand. For transportation by TRAIN we have two rack points near the mining lease:

- (a) Tirodi station (Madhya Pradesh) : 14 Kms from site
- (b) Gobarwahi station (Maharashtra) : 15 Kms from site

For transportation by ROAD we have the option of transporting using truck. The state highway is 7Kms from our site which is well connected by panchayat road.
