Singjamei, Imphal - 795001

Regd. No. 875/M/SR/2015

Under the Manipur Societies Registration Act, 1989 (Manipur Act 1 of 1990)

Ref. No. 875/GF/30/2017

Date. 22/05/17

JUSTIFICATION

Global School of Human Resources is a quality oriented co-en educational School established in the year 2015 with the focus on excellence education system, physical health as well as mental health. And, with the strong aim to develop self esteem, self motivation and help in creating innovative ideas in the child.

As the above necessities we require, an environment with is free from pollutions & distractions. We require spacious area, Fresh air, naturally peaceful habitat area to bring overall development but it is our unfortunate that such spacious & natural open spaces are not available in the city area.

In Imphal East District there are less number of educational institutions. Mostly in the hilly areas of imphal east district there are very poor School infrastructures from every angle and which is far outdated from the present education system.

As we know people of Manipur love Sports and have the potential to reach at great extent in national and international levels. In this connection the proposed project includes the provision to provide some area for construction of outdoor sports.

Therefore, we demand and seek to approach the Forest Department, for additional land for the construction of School.
