

CHECK LIST SERIAL NUMBER-9

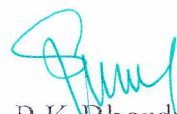

"JUSTIFICATION FOR LOCATING THE PROPOSED  
ROAD/PROJECT IN FOREST AREA."

2.1075 hectare of forest land is required for the Construction of link road from Naldehra to village Odu km. 0/0 to 2/745. The total length of the road is 2/745 which passes through the forest land. This road is being constructed to provide motor link to the village Odu. The road will cater to the needs of population of 350 souls and will give a boost to the local economy. 2.1075 hectare of forest land is required to be diverted for the construction of the road and 3Nos dumping sites. Alternatives alignments which have technically feasibility were explored. Since the village Odu situated on the other side of road area and surrounded by the forest land, hence there is no escape from using the forest land if the primary objectives of linking the village to the motor road is to be achieved. Out of the two numbers alignments one which involves less forest land as well as trees has been finalized for the construction of road.
