

**FULL JUSTIFICATION FOR PROPOSING THE PROJECT IN FOREST AREA  
(UN - AVOIDANCE OF FOREST AREA FOR THE PURPOSE)**

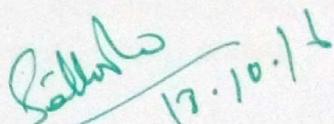

The Widening single lane to Double lane for the road PWD road to Tadicherla from Km.0/0 to 12/7 in Karimnagar District. This existing single lane BT road is having a length of 12.7 Km, which starts from PWD road on the Major Distict Road viz, Peddapally - Kataram - Kaleshwaram road at Km.50.8 to Tadicherla . There is no proper sufficient road for the people of Tadicherla and hence suffering a lot for travelling to District head quarters for their medical aid, education,transport of agricultural produce etc. By widening this road the people of Tadicherla will be facilitated to reach the district head quarters, for all their needs on time. The travelling time will be reduced accordingly.

The road is passing through forest reach in Km.0/0 to 3/956, under the Forest jurisdiction of Karimnagar East Division.

It is proposed to Widening from Single lane to double lane Black Topped road. The Telangana State Government have taken a policy decision to improve the interior roads to R&B standards vide GO Rt No.129 T, R&B/R-II Dept. Dt .27.11.2014. There is no other alternative except proposing widening this stretch in forest area of Karimnagar East Division. By constructing the above road, it would improve further connectivity in terms of achieving smooth and safe traffic flow with higher level of service. In addition to above, substantial economic gain in terms of reduced Vehicle Operating Cost (VOC) and reduced travel time will be achieved.
