## REFERENCES

NOTES - 7

heights and contours are in meters and above island mean sea level.  
Contours are approximate.  
The course of Sogdet Nadi, Chaghar and Mirikhand Rivers are liable to continual change owing to shifting of the river bed.  
Islands shown, if in dry state usually contain water from July to March.  
Islands are represented throughout the sheet, only the importance has been shown.  
Contour interval is 100 meters. Contours are generally shown in brown. Permission to use  
contour interval and your permission is required from the Irrigation authorities.  
For mangroves heights and contours in this sheet have not been adjusted to the height of spring  
tides. Survey marks and river net are shown in blue.  
The construction of the International Boundary line is in accordance with the  
Treaty of 1905.  
The state boundary between Punjab and Hyderabad States has been brought up to date to 1952.  
The boundary between the Government of India and the Government of Pakistan is shown in red.

COMPILATION INDEX

A. Compiled from 1,25,000 survey of 1997-98.
