

JUSTIFICATION CERTIFICATE

The proposed 132KV LILO Transmission Line to the proposed 132/33KV AIIMS Sub-Station at Mangalagiri is passing through Compartment No.132 in Mangalagiri block of Tadepalli Reserve Forest upto an area of 0.82 Ha only. All routes were identified and it is not possible for construction of 132KV LILO Line except through this forest route because there is no alternate route due to development of constructions in Mangalagiri Mandal limits and also this route is preferred to avoid Railway crossing, which is passing adjacent to the proposed Sub-Station. So we could not be able to avoid the forest land totally and the proposed Forest crossing is unavoidable and **bearest** minimum quantity.

Hence, it is proposed to direct 0.82 Ha of Forest land for construction of 132KV LILO Transmission line to the proposed 132/33KV AIIMS Sub-Station, Mangalagiri at Compartment No.132 in Mangalagiri block of Tadepalli Reserve forest in Guntur district.
