JUSTIFICATION FOR THE LOCATING THE PROJECT IN FOREST AREA

The proposed alignment for the **AUGMENTATION OF VARIOUS WATER SUPPLY SCHEMES IN GP TANDI, SAROA, THARJOON, MUSRANI, BASSI, DEVDHAR, KHARSHI AND KOTLA IN GOHAR BLOCK TEHSIL CHACHOT DISTRICT MANDI** has been carefully finalized after considering the alternative alignments. Three alignments have been explored and the third one has been finalized to minimize the forest area.

1st Alignment was rejected due to steep gradient.

2nd Alignment was rejected due to the reason that it did not provide connectivity to all the villages.

3rd Alignment was adopted as it covers all the villages and the gradient is reasonable and minimum forest land is involved.

Therefore keeping in view the above facts the road along **3rd alignment** is expected to be quite suitable without much involvement of forest land. Moreover this alignment is most feasible and beneficial by serving the goal and involving the minimum of forest land trees and bushes.

Divisional Forest Officer,
Nachen Forest Division,
Gohar Distt. Mandi (H.P.)

Executive Engineer
IPH Division Thunag
