NOTES

Contours are approximate.
The integrated heights and contours in this sheet have not been adjusted to the heights of the land-massive level-mass and may not be adjusted to the heights of the land-massive level-mass.
A relative height, in, represents the approximate height, in meters, between the top and bottom of a range of hills.
The relative boundaries of areas of reserved or protected forests are shown by green borders.
Towns in the area are marked with a red dot and a black circle.
Water features are shown in blue when they generally contain water.
