Subject: In-Principle Approval of Mining Plan and Mine Closure Plan (Modification) for Bandha Coal Mine of M/s
EMIL Mines And Mineral Resources Limited

Sir,

I am directed to refer to your application for approval of Mining Plan and Mine Closure Plan for Bandha Coal Mine located in SINGRAULI Coal Field Submitted through application number APP0063 of Single Window Portal of Ministry of Coal for approval of the Central Government under Rule 22B of MCR 1960 for a rated capacity of 5.00Mtpa Peak rated capacity 7.5000 Mtpa, Lease area 1850.94Ha and Project area 1850.94 Ha has been considered and in-Principle approval of the Central Government there on is hereby conveyed under Section 5(2)(b) of the Mines & Minerals (Development & Regulation) Act 1957 subject to the following conditions:

1. The project proponent should ensure implementation of all observations made by internal committee during actual operation.
2. Project Proponent shall take all necessary precautions regarding safety of mine workings and persons deployed therein.
3. Mining lease of this block shall not encroach into any other adjacent coal block.
4. The cost of abandonment for carrying out the closure activities envisaged in the Mine closure plan is indicative. The actual cost for carrying out the activities at the time of final closure may be higher. The actual cost of abandonment will have to be borne by the project proponent for carrying out the closure activities.
5. The approval of the Mining Plan (Including Mine Closure Plan) is without prejudice to the requirement of approvals from competent /prescribed authority under the relevant rules/ regulations etc.
6. Approval of Mining plan is technical in nature, which is granted with a view to facilitating further developmental activities by the allottee. This approval will have no effect on the penalty provisions of the agreement in case of nonachievement of Milestones.
7. Monitoring of milestone for development of mine will be as per efficiency parameters in CBDPA/CMDPA and appropriation of PBG will be done in case of failure/delay in compliance with the timelines of CBDPA/CMDPA.

8. After completion of the proposed exploration , the project proponent shall submit for approval a Revised Mining Plan and Mine Closure Plan incorporating the details (as per Guidelines of MoC for preparation of Mining Plan dated 29.05.2020) of liquidation plan of seams from underground mining also. In this regard this shall be noted that, in the proposed tentative underground mining potentiality (Additional Annexure-14) the recovery percentage proposed by underground mining is less. Suitable mining method (supported by suitable scientific study) shall be proposed in the aforesaid Revised Mining Plan to maximize recovery percentage for underground mining.

Your Faithfully
