

CENTRAL COALFIELDS LIMITED

(A Mini Ratna Company)

OFFICE OF THE PROJECT OFFICER
PAREJ EAST OPEN CAST PROJECT

Linkage Details

Parej East OCP is a prestigious open cast project of Hazaribagh Area, CCL with production capacity of 1.75 MTY of coal. The Coal is being transported through 60 Te/ 50 Te dumpers to coal stock heap no. 7, 8&9, 10, 11 and 12. The Despatch of coal is being done through two modes:

i) Road cum rail mode:-

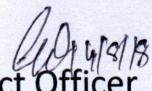

A) Coal transportation to Charhi Siding through hywa then despatch through rail rake to different industries i.e. RPSCL, JPL, and HPGCL etc.

B) Coal transportation to N. R. Siding after crushing of coal into (-100mm size coal) through tippers then despatch through rail rake to different power plants and industries i.e. NTPC, HPGCL and PSEB etc. The Coal crusher is installed near heap no. 8&9.

ii) Road mode:-

A) Coal transportation to different power plants i.e. Maithon Power Limited, Bajaj Power Limited, Bokaro Thermal Power Limited and Tenughat Thermal Power Limited etc through road mode.

B) Despatch of steam coal through truck to different industries i.e. Salasar Fuel and Ruhi Industries though road sale mode.
