

## Forest Land Use Justification Certificate

The Alignment of Underground drinking water pipe for work under Macchu-1 based Bamanbor Gr. W.S.S (WSS-6 General) Augmentation program for Drinking Water pipeline to Provide drinking water to Village (1) Jivapar (2) Gundala (3) Bamanbor (4) Navagam (5) Garida ( Nearly 50,000 People) is Crossing the Forest Land at Village: Vasudra Ta:Wankaner Di:Morbi in Morbi forest division.

There is a forest land on Between Pipeline Route, hence it is necessary to permit the laying of pipeline in forest land. No other route is possible for laying this pipeline. Thus the proposal of diversion of **0.948 Ha.** forest land is justified well.

Place: Rajkot
