NOTES :-

Height is in meters and the Indian mean sea level.
Contours are approximations.
A positive height, (+), represents the approximate height, in meters, between the top and bottom of the stream stage.
The subnational boundary between Jharkhand and Chhattisgarh has been upgraded to district boundary as per the Information provided in the Gazette Notification, 1953 of Government of Orissa.
The riparian heights and streams in this sheet have not been adjusted to the heights of the spirit-levelled bench-marks or can be said to be strictly in accordance with them.
Thus, shown dry, in the area usually receive water from July to December.
Unmarked roads can be traced in the sheet are generally unimproved at the season.
