

D. JUSTIFICATION FOR LOCATING THE PROJECT IN FOREST LAND.

1. Site Specific : The location of the site for Coal Mine operation is fully depend upon natures deposite of mineral & geological structure of the coal seams. Hence question of exploring alternative site for the purpose does not arrise

The Coal bearing Area of the Project with Reserves of about 24.11 M Te(Mineable reserves) partially falls under the above forest land.

The Opencast method of Mining has been chosen due to geo mining conditions for extraction of coal to meet the heavy demand of coal.

2. The Mining Plan and Method of working had been prepared by Central Mine Planning And Development Institute- Public Sector Undertaking of Govt. Of India. As per the Project Report of the Sakhari - Irawati (Pauni-III) Opencast Mine, the 12.07 hectare of Forest Land is to be diverted for working of the mine.
