To
The Divisional Forest Officer,
Raigarh Forest Division,
Raigarh (C.G.)

Sub.- Justification for locating the project in the forest land

Sir,

It is most humbly submitted that the Water Resources Department of Government of Chhattisgarh was pleased to permit our industry M/s. B.S.Sponge Private Limited to draw water from Dewanmunda Nala which is a tributary of Kelo river to fulfill the water requirements for expansion of our plant in Village- Taraimal, Block-Tamnar , Dist.- Raigarh.

In order to draw water from the said Dewanmunda Nala to our plant site at Village-Taraimal, one underground water pipeline is required to be set up .For the aforementioned underground pipeline to reach the proposed site, there is no other alternative, but for the underground pipeline to pass through the forest area. Therefore, for the reason as mentioned above, we are submitting the proposal for the diversion of minimum forest land as required for setting up the underground pipeline.

It is further emphasized and reiterated that the location and situation of the Dewanmunda Nala near the plant site is such that there is no other way but for the underground water pipeline to go through the forest land and the scheme of proposed pipeline has been formulated in way so that there is minimum use of the forest land.

Thanking you
Yours faithfully
