iv)	Justification for locating the project in forest area	:	<p>I and my family members and other villagers are having about 20.00 Acres of agriculture land in Mahabapuram Village, which is adjoining to the Reserve Forest. We are using the existing cart track to reach the said land to carryout day to day agriculture work. The existing track is in use from our ancestral days.</p> <p>All of a sudden, recently the local Forest Department have obstructed us and other for using the said road, claiming that the said portion of land is forest and also proposed to dug-out a trench.</p> <p>As there is no option for us to reach out agriculture land and in order to avoid any further legal complications, we are proposing for diversion of the existing road in our favour to a length of 0.32 Km and with a width of 4.00 M. Total forest area involved will be 0.128 Ha.</p>
v)	Cost – benefit analysis (to be enclosed)	:	Not applicable
