NOTES

Height scale is vertical, above Indian Head sea level.
Contour line scale. At 1:50,000 approximate height in meters. Approximate height and location of contour lines.
All uncorrected heights in this sheet are measured in feet above
the mean sea level. The corrected heights are shown on the adjacent sheet and have been reduced.
A contour height, at which the contour line is drawn, is the height of the sea level measured
above the adjacent contour.
